SPACE INVADER TOUR

This tour is dedicated to the Space Invader Community. Though the anonymous French artist “Invader” makes street art, you cannot just walk into ESA ESTEC. Fans from around the world book this tour to flash the 10 hard-to-get mosaics in Noordwijk.

VIRTUAL TOUR of ESA ESTEC

A special Virtual Tour for universities and high school (STEM students) that cannot visit ESA ESTEC in Noordwijk due to COVID. It is an interactive live programme via Zoom which includes an introduction to ESA, choice of selected customised topics and a Q&A.

BASIC TOUR

A BASIC TOUR covers the most accessible areas of ESA ESTEC. It's a broad introduction to all the key activities of the European Space Agency and what we do in Noordwijk. The best option for a compact tour or when customisation of the tour and topics are not a priority.

CUSTOM TOUR

A CUSTOM TOUR allows you to tailor the experience to your time, interest and budget. It builds on the BASIC TOUR but offers you the flexibility to customise topics for more detail and to add extra's such as a lab, a facility or catering. We'll discuss your wishes and the possibilities.
